Scott Jansen is a world-renowned hypnotherapist and the creator of the Absurd Hypnosis Formula. This revolutionary new approach to hypnosis is taking the world by storm, and for good reason. The Absurd Hypnosis Formula is a unique and effective way to create a state of deep hypnosis that is both enjoyable and transformative.

What is The Absurd Hypnosis Formula?

The Absurd Hypnosis Formula is a system of verbal and physical techniques that are designed to bypass the conscious mind and create a state of deep hypnosis. This is achieved by using a combination of unexpected, nonsensical, and even downright absurd suggestions. These suggestions are designed to overload the conscious mind and create a

state of confusion and disorientation. This state of confusion allows the subconscious mind to become more receptive to hypnotic suggestions.

How Does The Absurd Hypnosis Formula Work?

The Absurd Hypnosis Formula works by exploiting the way that the human brain processes information. The conscious mind is designed to make sense of the world around us. It filters out information that is unexpected, nonsensical, or absurd. The subconscious mind, on the other hand, is more open to this type of information. When the conscious mind is overloaded with absurd suggestions, it becomes overwhelmed and shuts down. This allows the subconscious mind to become more receptive to hypnotic suggestions.
